LEARNING OBJECTIVES

Upon completion of this program, the participants will be able to:

1. Discuss the diagnostic criteria of migraine.
2. Develop awareness that migraine is a common medical disorder, yet underdiagnosed and undertreated.
3. Present the epidemiology of migraine.
4. Describe migraine pain, associated symptoms, and functional impairment.
5. Discuss the overall economic burden of migraine.

Statements of credit will be available through the PPES website 3 weeks after the activity presentation date at www.cecerts.ORG. Attendees must successfully complete the Live CE Evaluation form and Participant Sign-in sheet to be eligible for a statement of credit. Email questions regarding this activity to (allow 72 hours for a response): CECerts@pesgce.com
