### **Official Report of the Province V Satrap**

Brothers of Province V,

New, significant things implemented this past year:

- Delegate packets to better prepare chapters ahead of time regarding business at the upcoming assembly
- Chapter visits – the majority of the Executive Committee were able to spend a weekend in Chicago with Chi and Delta Nu to provide guidance, learn more about the chapters and their officers, and promote fellowship and unity between the geographically linked group of brothers. Everyone involved found it to be a great success and benefit.
- Raffle designed to give money back to our chapters and assist them in being able to participate with GCC this summer (and have actual GRAND PRIZES!)
- Workshops at Midyear meetings – they been very successful and a great deal of positive feedback was received from the brothers who were able to attend. Hopefully we can continue to hold these in the future...

Prepare for GCC

- Chapter attendance and proxy submissions (if aren't sure who, proxy to Province V)
- Fundraising is extremely important – do NOT let money be the only obstacle in your way of experiencing what our fraternity truly has to offer. That week of spending time and sharing ideas and experiences with brothers from all over the country is priceless. Money you can pay back in the future, but the 52<sup>nd</sup> GCC will only happen once...
- ALL chapters should be present, especially with the central location this year – the closest it has been geographically to the chapters of our province in many years

Maintain websites and chapter info, contacts, events, etc.

- Craig has done a tremendous job creating, building and maintaining our website the past couple of years; let's keep it up and continue providing the webmaster correct and current information

2005 – what a great year for Province V and its history!!

It has been an honor to serve as your Satrap the past couple of years. The experience has been amazing and the best part was getting the opportunity to get to know a multitude of brothers throughout the chapters of Province V and beyond. It was not an easy journey whatsoever, and I would have been disappointed in myself if it was. The ultimate goals I had in mind when elected to this position back in March of 2003 were mainly to increase chapter communication, promote participation in Province V events and philanthropy, and strive to do whatever it takes to make us the greatest province of our international fraternity. I can only wish all of those came true over the past 24 months, but hopefully we are at least on the right track and your future officers can pick up where we left off and continue to do whatever is necessary to achieve those goals. Whatever was accomplished and followed through with would not have been possible without the continuous help and support of the entire Province V Executive Committee, and for that I am truly grateful. It was a team effort and I can honestly say we worked great together. Having served on the E-board for four years now, the group of people you elected to serve you back in Madison last year were like no other. They really are an all-star cast! I have learned so much and the experience has been priceless in my overall development as a proud brother of our great fraternity and it will never be forgotten. Keep up the great work chapters of Province V and thanks to all of you from the bottom of my heart for the memories, the brotherhood, and the friendship.

Respectfully submitted,
